

Epionce Product Highlight Sheet

Epionce is a physician-strength skin care line backed by over 16 clinical studies, many against leading prescription products. Botanically-based, multitasking regimens can be customized to meet any aesthetic goal – from improving visible signs of skin aging to problem skin conditions. Epionce is formulated to optimize the health and appearance of the skin – without being harsh, irritating or causing photosensitivity. Epionce is simple, effective, proven – and safe.

4-Step Clinical Skin Care System

- **Step 1: Cleanse + Prepare**
Healthy skin starts with clean skin. Remove dirt, oil and makeup without irritating or drying out the skin.
- **Step 2: Correct + Boost**
Retexturize for brighter, clearer skin. Calm visible skin imperfections such as redness, blemishes and uneven texture.
- **Step 3: Renew + Fortify**
Improve radiance with an anti-aging treatment moisturizer while reducing the visible appearance of fine lines, wrinkles and other signs of skin aging.
- **Step 4: Protect + Prevent**
Enhance results with daily sun protection. Help protect skin from UV damage with a broad-spectrum sunscreen that blends flawlessly.
