

# Your Face?

## Patient Story

As a lifeguard, Regan was exposed to sun regularly and even though she used sunscreen her arms and legs showed signs of sun damage. She spoke to her physician who recommended the Forever Body BBL™ treatment. The treatment on her arms was fast and pain free. She's so happy with her results that she's looking forward to treating her legs.

Improving visible signs of aging...  
anywhere on the body...  
in just minutes!
